INTERIOR M.D.F. DOORS**

"Keeping Our Environmental Commitment"

TAMBOUR DOORS

Tambour doors are not only beautiful, but they are practical. They are used in interior applications and compliment a wide range of architectural styles.

DETAILED SPECIFICATIONS

SIZES

Width: 1'0" through 4'0"
Height: 6'8" through 8'0"
Thickness 1 3/8" or 1 3/4"

FACTORY PRIMING

All doors are factory primed with a solvent based primer on all six sides.

Optional Premium Priming is available. Premium Priming consists of two generous coats of Sherman Williams oil based, heavy solids premium primer on all six sides.

Factory priming is not a substitute for complete field finishing.

FIRE RATED

All 1 3/4" M.D.F. Doors are Available with 20 Minute Fire Rating

Standard sticking and raised panel profiles represent the most popular construction. Unless otherwise specified, doors are quoted and produced in these profiles.

Optional sticking and raised panel profiles must be specified. For custom designs and profiles please submit a detailed drawing including the sticking panel profile.

LIMITED LIFETIME WARRANTY

All Environmental Doors are backed by a limited lifetime warranty.
